RE: League Policy, Tables

This is the official policy concerning table assignments with sponsor locations that have more than 1 pool table available for league play.

- **The first home team Captain/Team Player arriving at their home location has his/her choice of tables within the sponsor location.**
- **No visiting team Captain/Team Player can claim a pool table, only home team Captains/Team Players.**
- **If a sponsor location has 3 tables available, the second home team Captain/Team Player arriving has claiming rights to the next two available tables.**
- **The 3rd remaining table will be used by the Captain/Team Player arriving last.**
